NATA FAA Medical Certification Services

Harvey Watt & Co. is uniquely qualified to advise pilots & leaders, reduce liability, help airmen avoid certification groundings, and get pilots cleared to return to work as quickly as possible. Since 1951, we have represented pilots, unions, and airline/corporate flight departments. Every year, 15% of pilots who have access to our group certification services call us for help with the FAA. Today, we represent over 65,000 pilots.

THREE LEVELS OF ASSISTANCE

one Education

The *Aviation Medical Bulletin* is provided electronically to all members of the airline or association and delivers brief summaries of the latest health research and studies.

two Preventative Medical

Don't hesitate to call or email. Our doctors can help pilots and their treating physicians evaluate treatment options approved by the FAA. We know FAA requirements, when to take action, and how to avoid unnecessary grounding and certification delays.

three FAA Recertification

Confidential assistance from our doctors and nurses led by Dr. Fred Tilton, former Federal Flight Surgeon. We submit cases, expedite approval, interface with the FAA on the pilot's behalf, handle appeals, and confidentially advocate for airmen.

**FAA Certification Experts represent and advocate for you during every step.
Do not risk your career or company by not properly disclosing a medical issue.**

Group services available for a flat monthly fee.

- Receive expedited Certification reviews, notices and approvals.
- Work directly with the FAA Medical Certification Institute in Oklahoma City, Federal Flight Surgeon in Washington DC, and Regional Flight Surgeons.
- Proactive AeroMedical guidance reduces time away from the cockpit.
- Respond quickly to FAA requests on behalf of pilots.
